## About Grammar

### Pupil's Book

Develop a strong foundation in grammar and its use in everyday situations with emphasis on meaning based on the English Language syllabus 2010

- Learn to use grammar in everyday situations with examples of grammar in use and explanations of how grammar affects language. E.g. learning how forms of verbs can affect meaning.
- Develop an understanding of how language works in a systematic manner.
- Apply grammatical understanding to writing and speech.

The About Grammar series is a product of many 'firsts'. It is:

- The first grammar series developed in collaboration with the Ministry of Education.
- The first series based on the English Language Syllabus 2010.
- The first to teach grammar explicitly using an approach where meaning is emphasised.

9789810626563 • About Grammar: Basic Pupil's Book • \$8.25

9789810630645 • About Grammar: Basic Workbook • \$8.15

9789810629694 • About Grammar: Intermediate Pupil's Book • \$10.05

# Primary English

## English Other

### Focus on Situational Writing

Prepare and equip students to write messages, letters, emails and announcements, honing their skills and applying their knowledge practically to everyday writing.

- Improve pupils' understanding of grammar and teach them how to get their tenses right.
- Support independent learning by advising pupils to create their own word bank and highlight useful expressions.

9789812476401 • Focus on Situational Writing Primary 5 • \$5.60

9789812476418 • Focus on Situational Writing Primary 6 • \$5.80

### Listening Comprehension

Prepare pupils for the Listening Comprehension component of the English Language examination following the latest PSLE examination format.

- Practise and assess learning with twelve challenging test papers.
- Train pupils to be discerning and alert in answering questions accurately with clear, easy-to-understand tips.

9789810600754 • Listening Comprehension Primary 5 (Book + Transcript + CD) • \$24.90

9789810600778 • Listening Comprehension Primary 6 (Book + Transcript + CD) • \$24.45

### Grammar Workout

Encourage pupils to develop a firm foundation in English Grammar.

- Cover a wide range of topics from subject verb agreement to punctuation.
- Clearly identify teaching points, with specific words and phrases underlined or in bold.

## Grammar Editing

Help students achieve success in the editing section of the 'O' Level exam paper with a book divided into two sections.

- Encourage progress with passages of varying degrees of difficulty throughout.
- Help students learn to identify and correct errors in the context of the text.
- Reinforce understanding with detailed explanations in the answers section.
- Prepare students to avoid common errors with examples and tips to help prevent them.
- Enable students to navigate passages with worked examples.
- Demonstrate the three basic editing practises which are divided into three distinct categories: basic, intermediate and advanced.

9789810637675 • All About English: Grammar Editing Lower Secondary • \$10.50

9789810636302 • All About English: Grammar Editing Upper Secondary • \$8.35

## Effective Guide for Lower Secondary

Provide effective guidance to help students master the skills needed for success in Lower Secondary English, in line with the latest English syllabus and examination format issued by the Ministry of Education, Singapore.

- Develop skills with a step-by-step approach and concise explanations for each section of the exam: grammar, essay writing, comprehension, and listening and oral communication.
- Strengthen foundations in grammar and vocabulary, as well as the understanding of different text types and mixed texts needed for the exam.
- Revise and reinforce knowledge with practice questions, exercises and end-of-term practice papers.
- Prepare for the examination with examination tips and worked examples.
- Encourage self-assessment and analysis with answers provided in the back of the book.

9789814767095 • All About English: Effective Guide for Lower Secondary • \$16.75

## Effective Guide for 'O' Level (3rd Edition)

Enable students to master the skills for grammar, essay writing, comprehension, listening and oral communication and target specific areas for development and improvement in each chapter:

### Chapter 1

- Provide a strong foundation in grammar and vocabulary.

### Chapter 2

- Offer revision opportunities and check understanding with different types of text and tips to tackle mixed texts.

### Chapters 3-6

- Prepare for the 'O' Level examination with focus on specific papers; each chapter is sub-divided according to the different sections of the papers.

9789810634667 • All About English: Effective Guide for 'O' Level (3rd Edition) • \$16.75

# Secondary English

## Understanding Visual Texts Upper Secondary

Equip students with the skills necessary to approach visual text questions with guided explanations and worked examples.

- Teach students to read and analyse visual texts using signposts such as Purpose, Audience, Context and Culture (PACC), and explanations of visual text features.
- Demonstrate to students how visuals and written text work together to convey a specific message.
- Familiarise students with various types of examination question and answering techniques.

9789810636531 • All About English: Understanding Visual Texts Upper Secondary • \$9.80

## Lower Secondary Comprehension New

Develop the skills and techniques needed to successfully answer comprehension questions, in line with the latest Ministry of Education English syllabus.

- Provide detailed, step-by-step guidance and concise explanations showing how to approach and manage comprehension questions.
- Ensure students fully understand expectations with in-depth sections on Understanding the Comprehension Paper, Worked Examples and Comprehension Practice.
- Practise and troubleshoot exam technique with examination tips.
- Encourage self-assessment and analysis with answers provided in the back of the book.

9789814767101 • All About English: Lower Secondary Comprehension • \$13.00

# Secondary English

## Upper Secondary Comprehension

Cover a range of writing styles and issues, with visual texts and comprehension passages selected for their relevance and currency, in a book structured into three parts.

- Provide an analysis of the various types of questions, targeted skills and answering techniques in three sections.
- Help students tackle questions which focus on the use of language for impact, with a glossary for understanding literary devices.
- Encourage independent learning with worked examples for Sections A, B and C, with each worked example providing a guide on tackling questions.
- Enable students to make connections between the information in the text and the requirements of the question.
- Reinforce learning with practice passages for all three sections.
- Guide students to complete exercises, with the purpose of each question set in bold for Section A, and the different types of comprehension questions highlighted for Sections B and C.

## Grammar for Secondary 1-5 Reference Book

The only grammar reference for Secondary students developed collaboratively with the Ministry of Education (MOE), Singapore.

Draw on over 100 combined years of grammar expertise from the publishers of *First Aid in English* and grammar and linguistics expert, Dr Lubna Alsagoff.

- Present grammar in context using real-world examples.
- Build understanding with a two-part structure, showing how words are used to form sentences and then how these are used to create different types of text.
- Structure learning with terms at the start of the book and activities throughout that stretch and check understanding.

9781471837463 • Grammar for Secondary 1-5 Reference Book • \$10.75

# Secondary Geography

## All About Geography

### Lower Secondary Environment and Resources

Explore and investigate important geographical issues in our world today.

- Trigger thinking and help raise essential questions, allowing students to acquire the skills to investigate issues in a purposeful and critical manner.
- Build on students' prior knowledge of the world with a textbook and workbook to help them understand interrelationships between people, places and environments.
- Help students to become active and concerned citizens by making them aware of future challenges and ways to manage these challenges.

9789810634391 • All About Geography: Lower Secondary Environment and Resources Textbook • \$14.05

9789810634407 • All About Geography: Lower Secondary Environment and Resources Workbook • \$7.85

### Secondary 2 Urban Living

Encourage students to explore the important geographical issues in our world today.

- Help students acquire key geographical investigation and data skills.
- Trigger students' thinking and reinforce understanding with questions and activities.

9789810634438 • All About Geography: Secondary 2 Urban Living Textbook • \$12.80

9789810634445 • All About Geography: Secondary 2 Urban Living Workbook • \$7.30

### Secondary Geographical Skills

Reinforce the geographical skills learned in school with exercises and questions based on real-world data, represented in graphs, charts, maps, photographs and satellite images.

- Test knowledge learned in areas of topographical map-reading, geographical data interpretation and fieldwork investigations.
- Encourage independent learning with clear explanations on field work techniques and detailed answers to questions.
- Develop core skills in map reading and data interpretation with real-world data.
- Aid progression with exercises of varying levels of difficulty.

9789814767040 • All About Geography: Lower Secondary Geographical Skills • \$13.05

9789810634599 • All About Geography: Geographical Skills & Investigations Secondary 3 • \$18.65

9789814767033 • All About Geography: Geographical Skills & Investigations Secondary 4 • \$18.65

# Secondary Geography

## Upper Secondary Physical Geography

Reinforce students' learning with questions and activities to trigger their thinking and encourage exploration of the important geographical issues in our world today.

- Help students to acquire key geographical investigation and data skills.

9789810638627 • All About Geography: Upper Secondary Physical Geography Textbook (Revised Edition) • \$18.90

9789810638634 • All About Geography: Upper Secondary Physical Geography Elective Textbook (Revised Edition) • \$13.65

## Upper Secondary Human Geography

Explore and investigate important issues in our world today in a purposeful and critical manner by triggering students' thinking and helping them raise essential questions.

- Discover key relationships between the physical and human environments and learn to appreciate the geographical processes that shape these environments.

9789810639297 • All About Geography: Upper Secondary Human Geography (Full) Textbook • \$17.40

9789810639303 • All About Geography: Upper Secondary Human Geography (Elective) Textbook • \$11.65

## Revision Guide

Facilitate easy revision and provide practice and effective self-assessment with a guide which also contains clear notes, graphs, charts, diagrams and maps.

- Test students' knowledge and understanding as well as comprehension skills, applying, synthesizing and evaluating the content that they have learned.
- Encourage self-assessment and independent learning with suggested frameworks and answers to all questions provided.

9789814767019 • All About Geography: Revision Guide Secondary 1 (E/NA) • \$13.95

9789814767071 • All About Geography: Revision Guide Secondary 2 (E/NA) • \$13.95

9789810634612 • All About Geography: Revision Guide Secondary 3 (E/NA) • \$13.95

9789814767026 • All About Geography: Revision Guide Secondary 4 (E/NA) • \$13.95

# Secondary Geography

## O Level Geography Study Guides New

Focus revision and strengthen exam technique with guidance on key learning objectives, exam-style practice questions and examination tips based on the latest Geography syllabus for Singapore.

- Ensure students are ready for the GCE 'O' level Examination with content, skills and important terms by topic, key learning objectives, quick overviews of the main chapter points and exam-style practice questions with suggested answers.
- Revise beyond the scope of most practice books with instructions on how to interpret questions and explanations of skills required to answer them, followed up by practice questions and suggested answers.
- Rely on comprehensive coverage with all core and elective topics included.
- Improve confidence with concise content in manageable chunks for targeted studying, examination tips, explanations of command words used in the examination questions, and model essays with explanatory notes.
- Help avoid common mistakes with misconceptions and errors highlighted.
- Reach different learner types with graphic and verbal explanations of key learning points, clear diagrams, photographs and graphic organisers.

### Publishing 1st quarter 2018

9789814767798 • O-Level Human Geography Study Guide (Elective and Core) • \$14.85

9789814767781 • O-Level Physical Geography Study Guide (Elective and Core) • \$14.85

## Geography Other

### General Geography in Diagrams

Focus on the biophysical environment of humans and their interaction with it, with a full text of the metric edition of Physical Geography in Diagrams, complete with section on human geography.

9789812443717 • General Geography in Diagrams • \$40.00

# Secondary History

## All About History

### Developing Skills for Modern World History 'O'/'N' Level New

Equip students with the essential skills for History at 'O' Level with an indispensable guide; the perfect companion to All About History, Unit 3: The World in Crisis.

- Help students tackle source-based and structured essay questions with clear notes and tips explaining the skills required.
- Aid students in interpreting a variety of sources and answering questions on a wide range of topics.
- Encourage self-assessment and independent learning with suggested frameworks and detailed answers to the questions provided.

9789810634490 • All About History: Developing Skills for Modern World History 'O'/'N' Level • \$12.10

Publishing 2nd quarter 2018

9789814767804 • All About History: Developing Skills for Modern World History Secondary 4 • \$14.85

## Revision Guide

Reinforce topics learned in the All About History Units 1 and 2 Textbooks with comprehensive notes and questions, helping students to revise more effectively.

- Summarize key facts with clear and concise study notes.
- Provide scaffolding, explanations and worked examples for handling various source-based case studies and structured-essay questions with useful examination tips.
- Prepare students for their examinations with guided answers.

9789810634483 • All About History: Modern World Revision Guide Secondary 3(E/NA) • \$10.25

9789814767057 • All About History: Modern World Revision Guide Secondary 4(E/NA) • \$9.90

9789810634506 • All About History: Southeast Asia Revision Guide Secondary 3 (E/NA) • \$7.45

9789814767064 • All About History: Southeast Asia Revision Guide Secondary 4 (E/NA) • \$11.95

9789814767002 • All About Mathematics: Learning Through Examples Secondary 4 Express • \$14.85

# Secondary Mathematics

## Revision Guide 'O' Level

Enable students to master key concepts and principles that are essential for achieving success in school tests and the GCE 'O' Level Additional Mathematics examination.

- Explain key concepts, terms and formulae, and identify focus areas for revision with Study Notes.
- Demonstrate effective ways to solve problems and highlight common mistakes and misconceptions with Examination Tips.
- Reinforce students' problem-solving and mathematical skills with Worked Examples.
- Assess students' level of competence, reinforce learning and provide ample practice with Graded Questions.
- Challenge students with more difficult questions marked with asterisks.

9789810635862 • All About Additional Mathematics: Revision Guide 'O' Level Volume 1 • \$13.05

9789810635879 • All About Additional Mathematics: Revision Guide 'O' Level Volume 2 • \$13.05

## Exam Practice 'O' Level New

Fully prepare for the exam with constructive notes and topical exercises reflecting what examiners are looking for, based on the current Ministry of Education O-Level Mathematics syllabus.

- Learn how to answer different types of exam questions with fully-worked answers for each question.
- Progressively build skills with revision papers for each unit including questions arranged in order of difficulty.
- Reinforce learning with carefully constructed review questions for mastery of concepts.
- Study independently and check progress against the answers provided.
- Build confidence by answering O-level questions.

9789814767279 • Exam Practice: GCE O-Level Mathematics Volume 1 • \$13.00

9789814767286 • Exam Practice: GCE O-Level Mathematics Volume 2 • \$13.00

## Mathematics Other

### Additional Mathematics

Emphasise the understanding of mathematical concepts using a clear and systematic approach.

- Encourage students to develop an inquisitive mind and hone their thinking skills.
- Expand mathematical knowledge through problem solving.

9789812352118 • Additional Mathematics (Textbook) • \$20.25

# Secondary Principles of Accounts/ Lower Secondary Science

## Secondary Principles of Accounts

### All About Principles of Accounts

Help students master important accounting concepts and processes in the context of business scenarios.

- Have confidence with a textbook meeting the latest requirements for students taking the GCE 'O' Level and N(A) Level Principles of Accounts
- Build confidence and complement skills learned in the textbook with the Principles of Accounts Workbook.
- Extend and consolidate learning with the Principles of Accounts Study Guide.

9789814767309 • All About Principles of Accounts Textbook (revised edition) • \$18.85

9789810634537 • All About Principles of Accounts Workbook • \$7.20

9789814767125 • All About Principle of Accounts Quick Study Guide • \$13.00

## All About Science

### All About Science for Lower Secondary

Provide students with a solid foundation in scientific literacy and encourage the relevant skills of inquiry needed to understand and apply scientific concepts and principles in everyday life.

- Develop a sense of appreciation for science and scientific inquiry as important tools to help students explore their natural and physical world.

9789810631369 • All About Science for Lower Secondary Textbook Volume A • \$12.20

9789810631376 • All About Science for Lower Secondary Textbook Volume B • \$12.65

9789810631383 • All About Science for Lower Secondary Theory Workbook Volume A • \$5.85

9789810631390 • All About Science for Lower Secondary Theory Workbook Volume B • \$6.25

9789810631406 • All About Science for Lower Secondary Practical Workbook Volume A • \$4.85

9789810631413 • All About Science for Lower Secondary Practical Workbook Volume B • \$5.15

### Effective Guide for Lower Secondary

Enhance students' understanding of the processes involved in learning science and provide ample practice opportunities.

- Facilitate independent learning with clear and concise explanations of science process skills.
- Aid the application of process skills with stimulating MCQs, structured questions and free-response questions.
- Encourage self-assessment with detailed answers.

9789810634933 • All About Science: Effective Guide for Lower Secondary Volume 1 • \$8.50

9789810634940 • All About Science: Effective Guide for Lower Secondary Volume 2 • \$9.90

# Secondary Biology

## All About Biology

### 1001 MCQs for 'O' Level

Reinforce and test students' knowledge with questions categorised into three levels of difficulty.

- Level 1: Recall questions or questions which require a single concept to solve
- Level 2: Application questions or questions which require 2 or 3 concepts to solve
- Level 3: Application questions or questions which require 3 or more concepts to solve
- Challenge students and extend learning with cross-topical extension questions at the end of each unit.

9789810634988 • All About Biology: 1001 MCQs for 'O' Level • \$15.40

### All About Biology: MCQ Workout

Reinforce and test knowledge with practice to help students excel in the GCE 'O' Level Biology examination.

- Provide targeted practice for students with topical questions, and consolidate knowledge with a variety of questions, suitable for use as final preparation before exams.
- Test students' understanding and application of Biological concepts with varied questions grouped according to the latest 'O' Level Biology syllabus.
- Encourage independent learning with detailed answers.

9789810635923 • All About Biology: MCQ Workout • \$11.15

### Structured and Free-Response Question Workout 'O' Level

Provide targeted practice for students to enable them to excel in the GCE 'O' Level Biology examination.

- Consolidate knowledge and practise for the final exam with a wide variety of questions.

9789810637378 • All About Biology: Structured and Free-Response Question Workout 'O' Level • \$15.45

## Biology Other

Assist students in their revision for tests and examinations, with notes and questions based on the latest syllabus.

### Hodder Education Quick Study Guide Science Biology 'O' Level (3rd Edition) - for Combined Science Students

9789814676892 • Hodder Education Quick Study Guide Science Biology 'O' Level (3rd Edition) • \$9.00

### Hodder Education Quick Study Guide Biology 'O' Level (2nd Edition)

9789814676885 • Hodder Education Quick Study Guide Biology 'O' Level (2nd Edition) • \$11.70

# Secondary Chemistry

## All About Chemistry

### All About Chemistry 'O' Level
